Embodiment BURN

A high intensity metabolic conditioning class using HIIT and Circuit-based approaches to increase your metabolism and rapidly burn fat.

Highly recommended as a supplement and secondary workout to anyone on an Embodiment Transformation Programme.

Embodiment FLEX

A stretch-focused class using yoga principles and movements to dramatically improve flexibility. With numerous variations and options available, there will always be a way of intensifying the class.

Highly recommended as a complement to the Embodiment Transformation Programmes. Can be taken pre or post workout.
